Annual Meeting and Networking Event

Presenter: Michael Callahan, M.Ed.
President and Owner, Marc Gold Associates

Michael has consulted throughout the US, Canada and Europe in the area of supported employment for the past thirty seven years. He has worked with Marc Gold & Associates (MG&A) since 1979 and has served as president of the organization since Marc Gold’s untimely death in 1982. MG&A is a network of consultants that provides technical assistance to systems, agencies and families interested in insuring the complete community participation of persons with severe disabilities. Mike also studied vocational rehabilitation while at Syracuse University in a doctoral studies program. He is an editor of a popular "how-to" book on employment for persons with severe disabilities, Getting Employed, Staying Employed (5321) and co-author of Keys to the Work Place (1997) a text on systematic instruction and natural supports in supported employment. He has written numerous articles, chapters, manuals and curriculums pertaining to employment of persons with disabilities. Michael is the vice-president of Employment for All.

Mr. Callahan will provide a short history of Customized Employment and highlight how the customized approach differs significantly from that of Supported Employment. Participants will also be presented information on the essential elements of Customized Employment endorsed by the Workforce Innovation Technical Assistance Center (WINTAC) and Rehabilitation Services Administration (RSA) and how these essential elements are included in the Pathways to Careers approach currently active at JVS Detroit. Information presented at the session will also include national data and updates on the Pathways to Careers Initiative. Participants will be provided ample time to engage Mr. Callahan for questions.
